WORK EXPERIENCE

Startup – Kutaisi, Georgia

Web programmer

[13/04/2025 – 10/06/2025]

- solely developing the front-end side of a website used for E-books, Articles and Essays for Georgian high school graduating students
- closely communicating with the back-end developer to implement needed features
- consulting with the UI/UX designer to implement valid web design
- manual testing and providing insights on automated testing to our Tester
- cleaning and maintaining code for the duration of the project
- being the manager of the team (a.k.a. distributing the tasks, setting deadlines and making sure they are met etc.)

Kutaisi International University – Kutaisi, Georgia

Web programmer

[20/10/2025 – Current]

- Developed responsive and accessible user interfaces using **React.js**, **Next.js**, and **Tailwind CSS**
- Implemented reusable components and optimized layouts for performance and mobile-first design
- Integrated frontend features with backend APIs and dynamic data sources
- **Collaborated** with designers and team members to translate UI/UX designs into clean, maintainable code
- Continuously iterated on **website design and frontend implementation** to improve usability, performance, and visual consistency

Steve Jobs American Academy – Kutaisi, Georgia

robotics and coding mentor at Steve Jobs American Academy

[16/09/2025 – Current]

- Delivered hands-on instruction in **robotics and programming** to students aged **7-16**
- Taught **robotics fundamentals** using LEGO-based kits (motors, sensors, basic automation) and introduced core **physics concepts**
- Instructed **programming fundamentals** using **Python**, **MIT App Inventor**, and **frontend technologies (HTML, CSS, JavaScript)**
- Designed and adapted lesson plans to different age groups and skill levels
- Continuously iterated on teaching methods and learning materials to improve student engagement and understanding
- Maintained clear communication with students, parents, and academic managers regarding progress and outcomes
